

Coronavirus has been detected in this region. Coronavirus is a public health emergency of international concern. Coming into practice if you don't need to, could put you at risk. Please keep yourself and others safe by choosing well

1.

Are you concerned you may have coronavirus? Please follow the national advice to stay at home and phone NHS 111. Please do not come into surgery.

2.

If you're attending a pre booked appointment, please make use of hand wash and hand sanitiser available as you enter and exit the building, and before and after using any equipment or facilities e.g. touch screens.

3.

Chose online services to prevent the need for unnecessary travel. You can order repeat prescriptions, view test results and access health and wellbeing advice via www.gpshealthcare.co.uk

4.

If you need to order a repeat prescription, please register for our electronic prescribing service (via www.gpshealthcare.co.uk), you can pick up your prescription from a pharmacy of your choice!

5.

If you feel unwell, please don't feel unduly concerned. There is currently no specific treatment for coronavirus. Antibiotics do not help, as they do not work against viruses. Treatment aims to relieve the symptoms while your body fights the illness. You'll need to stay in isolation away from other people until you've recovered. Stay at home, and go online or phone NHS 111.
